Complete Thaw-Out.

We have had a complete thaw-out this week, and it seems that the ground was never so soft. The roads are in a very bad condition and they are at the mercy of the travelers. A great deal of use at this time means ruin for them during the next few months, since the ground works up so easily and so far down after such a hard and protracted freeze. Some showers interspersed with the thaw-out has helped to put the roads into a quagmire in many places for the time being. They should be used the least possible, giving them an opportunity to settle before hard using.

Wolfe County Farmers Awake.

Through the report of the Wolfe County Tribune, we learn that H. H. Harrison who has had Wolfe county taken into his territory, succeeded in getting out the largest crowd ever brought to Campion to attend a Farmers' meeting. This interest on the part of the farmers speaks success for Mr. Harrison in his work in that county as he is certainly able to deliver the goods where the farmers will help themselves.

Home Boys In Danger.

Roger Baker, son of Johnny Baker, of Levee, was one of the boys on the ill-fated English steamer carrying 2,000 of them from England to France and torpedoed when not far out from shore. Ernest Lyle, son of Mrs. Kate Lyle, of Stanton, belonged to one of the companies going over on the ship, but was left off for some cause when the transport left port.

Looking up Land Values.

W. D. Jones, of Chattanooga, Tenn., was here Tuesday getting information in regard to the land values traversing the L. & N. Railroad through this county. He is getting this data for the information of the Inter State Commerce Commission. He will get these values all along the line from Lexington to McRoberts.

Sheriff's Land Sale.

Sheriff H. T. Derickson has his annual land sale for taxes advertised in this issue of the Times, the same to take place at the Court House door in Stanton, Monday, March 4th—Court Day. There is about the same size list each year, regardless of past experience. At this sale will be a good place for a person to go and get some property at a low price.

Celebrates 91st Birthday.

Mrs. Lizzie Jane Wallace celebrated her 91st birthday at the Wallace Hotel in Irvine last week. Mrs. Millie Mountz of this city is a sister to Mrs. Wallace and she, together with her husband, W. J. Mountz, Sr., attended the anniversary which was also attended by other members of the family.

Henry Williams, a very prominent stock man and farmer of Montgomery county, brought up several head of cattle last week to his father's place to finish up the winter as is his usual custom. While here he called and renewed his subscription to the Times, saying he could not well do without the paper.

Skilled Men Needed.

The Government is sorely needing skilled men to carry on its process of various industries, particularly ship building. Circulars are being sent out for men to petition for service. This official card says: "Shipbuilders, or the lack of them, will make or break America. We lack them now."

A. T. Whitt at the bank, member of the National Defense Committee, is ready to fill out these cards for persons desiring to enter this class of work. Men in the draft with a trade can get employment here. If you are skilled in any trade and need employment, you should see him and get in your application if you are averse to being a soldier.

Powell Boy to The Front.

George G. Fletcher an old Clay City boy now located at Miami, Texas, where he has a position as Assistant Cashier of the State Bank & Trust Company, is making the race for County Treasurer. His home paper, the Miami Chief, speaks of his candidacy in the most promising terms and gives him a good send off.

The many friends of Mr. Fletcher in Clay City will be glad to know that this splendid young man is making good. They, one and all, hope to hear of him landing the place.

Civil Service Examination.

There will be held a civil service examination at Winchester, March 8, for applicants for the Clay City postoffice made vacant by the resignation of Postmaster J. H. O'Rear. There are a number of prospective applicants, and the contest over the appointment promises to become very interesting. The Times shall remain neutral since all of the applicants are our friends, and as it is a family contest it behoves the organ of the party to take no sides. We can indorse all of the aspirants most heartily, and we regret that there is not a place for all of them.

A Knitting Social.

Miss Ethel Johnson gave a knitting party to a number of her friends Monday. The welfare of the home boys drawn to the colors was the chief topic while the good ladies knit on the various necessities for them. When leaving all realized that the time had been very profitably spent. Hot chocolate was served as a repast.

To Regulate Shoe Styles.

Wholesale shoe firms are advising the trade that there will be a revelation in shoe styles this fall, made necessary to effect a saving of leather. The Times does hope to see the "Spool" heel forever snuffed under.

Ill of Appendicitis.

Mrs. V. C. Martin, of Genet, became violently ill of appendicitis Monday and was taken to the hospital at Lexington Tuesday for an operation. Dr. A. T. Knox, of Roslyn, accompanied the sick woman to the hospital.

George W. Powell, of Hardwick's Creek, moved this week to Torrent where he will work in the oil field.

Dry Well Now a Gusher.

What was pronounced a dry hole on the Geo. W. Clark lease held by Oldendorf, Baumann & Clark, of Mt. Carmel, Ill., has suddenly become full of oil and is now running over the top of the casing which stands four feet above the ground. This was the last well drilled by this company two years ago, and was then a small gazer, with no traces of oil. This is the way oil was found on Stillwater in Wolfe county, where a gas well was drilled and after standing awhile, became a producer. A most profitable field was later found to surround this well. We may expect a similar occurrence, and we have every reason to believe that there will be, as other indications have all along pointed that there was oil evidently here somewhere close, and this development may be the means of its location. This will at least greatly stimulate drilling in this community and on Hardwick's Creek where the well is located, this Spring. Operators have already signified their intention to return to this field this Spring and resume drilling which was only left off two years ago on account of more certainty of success in the Irvine field which is so close to here.

Popular Young Couple Wed.

The many friends of the contracting parties were greatly surprised Monday of the past week to learn of the departure to Cincinnati, of two of our most popular young people. This was in the persons of Mr. Ernest Gravett and Miss Ruth Davis, who eloped to the above city where they were married. The bride is the only daughter of Mr. and Mrs. Wm. Davis and is a young school teacher of fine culture. The groom is the youngest son of Melvin Gravett (deceased) and is one of Powell's draftees. Congratulations!

Attending Good Roads Meeting.

Judge D. R. Daniel is attending the State Good Roads meetings now convened in Newport for the 13, 14, 15. These meetings have become very important gatherings of late years. It is also a place of demonstrating various lines of road machinery.

Squire S. G. Baker is also attending this meeting.

Death of Mrs. Powell.

Mrs. Martha Powell, of Jackson, died there at the home of her daughter, Mrs. Ben Highley, Wednesday morning, Feb. 13. The remains were brought here Thursday morning for burial. Mrs. Powell was 85 years old. Her son, G. W. Powell, of Lexington, attended the burial.

Heatless Days are Past.

Thanks to the Fuel Dictator for removing the heatless days. It may be now that we can soon catch up with our work and go to putting the Times out on time once more. We do certainly hope so.

The Food Regulator has decided to stop the sale of chicken hens and pullets, hoping in this way to increase the egg output.

Take the birthdays, the Garfield days the wheatless and meatless days out of February and there isn't much left.

STANTON.

(By P. O. Derthick.)

Joseph Cuff has recovered from a spell of sickness.

Mrs. Jas. G. Easter, of Fleming, was here last week with her sister, Mrs. Sarah Eaton.

Mrs. W. A. Berry, of West Bend, visited her daughter, Mrs. H. H. Pherigo, this week.

F. B. Russell, of Louisville, came in Wednesday and went from here to his oil field at Furnace.

Miss Nola Jones visited in Lexington Wednesday and took in the famous play, "Experience."

F. F. Sewell, of Parkersburg, W. Va., was here last week with his father, 'Squire John A. Sewell.

Mr. G. G. Shimfessel and sister, Miss Fannie Mae, spent a few days with friends in Lexington this week.

Mr. and Mrs. Ben Noe spent a few days last week with a sister of Mrs. Noe near the mouth of Red river.

Mr. and Mrs. Ben Mastin visited their daughter, Mrs. Luther Smethers, in Clark county a few days this week.

Mrs. Will Moore left Wednesday for Sardis, Miss., after a ten days visit with her mother, Mrs. Pete Phillips.

Mrs. Myrtle Burgher has entered High School at St. Helens where her friend, Mrs. Sylvia Russell, is Superintendent.

S. R. Curtis and niece, Miss Lena Curtis, went to Winchester Saturday where the latter will visit relatives for a short time.

Dr. E. G. B. Mann, of Lexington, was here yesterday looking for teams to go to Torrent to haul an oil rig from there to the oil fields.

G. W. Conlee, of Richmond, was here last week and leased some land to be drilled on for oil. The test well is to be put down within sixty days.

John Hockinhammer, of Sardis, Miss., came in Tuesday for a visit to relatives and to look after some oil land interests in the Cow Creek, Estill county field.

Mr. and Mrs. H. G. Crabtree spent Saturday with friends in Winchester. Mrs. Crabtree returned home on the evening train, but Mr. Crabtree was called to Irvine and went over there from Winchester.

Clay Williams, for some time located at Middletown, O., has associated himself with W. P. Johnson at Knowlton and will move there with his family and take charge of the store.

W. V. Abney, of Irvine, well known to many Clay City people, has gone on the road as traveling salesman for a leading wholesale establishment, and was here interviewing our merchants Wednesday.

After all the endurance of winter we shall have to pass through March.

Senator Chamberlain in his attack upon Secretary Baker, says that soldiers have died from neglect in camp. To this no one disagrees. They have died from neglect in camp, in some instances and they will continue to do so. Thousands of patients have also died from neglect in civil hospitals. It is impossible to prevent it in camp and in civil life too. You cannot carry mother's care to a boy in camp sickness.

Mrs. H. R. Stafford, who was in Mt. Sterling and Winchester several days this week, is now at the home of her parents Mr. and Mrs. T. E. Eastin at Indian Fields, but later will join her husband in Cincinnati, Ohio where they will make their future home.

The Estill Tribune is making a determined fight for a new school building at Irvine. That city, it seems, is badly in need of such building and here's hoping the Tribune lands it for her.

The constitution provides that there shall be as nearly an equal distribution of counties and population as practical. Does the above look to you like an equal distribution of either? One district of six counties with 70,534 population and adjoining district with three counties and only 48,313 population. Fifty per cent. more counties and that, per cent. more population.

By taking Powell from the Ohio river district and placing it with

the tri county district we would have one district of five counties with 64,266 population and another district with four counties and a population of 54,581 and no change whatever in the political complexion of either district. Not altogether an equal distribution but far more nearly so.

There is but very little connection between Powell and its Ohio River associates while, particularly, is Powell allied with Clark and Montgomery. Hundreds of our natives live in these two counties and often would some of these be in the Senate and have the best wishes of Powell in mind. As evidence of what we say, we refer to the present and last Senators of this district. The present Senator, Mr. Geo. Hon, is a native of this county and was formerly in business here. Mr. J. Will Clay, from the county of Montgomery, who represented the district before Mr. Hon, was also a former citizen of the county, having been a merchant of this city some time back. There was never a representative from either of the Ohio River district counties a native or former resident of Powell.

We have interviewed our Representative, Mr. Clarence Miller, who seems to think it is too late to do anything in the matter. We also talked to Mr. J. W. Swope, Representative from Clark, and he said when the bill came up for consideration in the House, he would do all he could to see that Powell is placed with his county in the same Senatorial district. And we can certainly depend on Mr. Swope for he is a native of Powell.

So will Senator Hon help to get his native county into his district. By the aid of Clark's Representative, Montgomery's Representative and the Representative from Bourbon, who is our good friend, the Hon. Claud Thomas, we have hopes that this bill, though past redemption as our Representative Clarence Miller sees it, may yet be made to include us with our neighbors instead of being forced to go with counties that are strangers to us and have no other political connection whatever. This bill will shortly come up for passage in the House and here is where we hope to have it defeated.

VAUGHN'S MILL.

Joe Clark, merchant at Union Hall, spent over Sunday with his parents.

Mr. and Mrs. T. J. Wright were at Cincinnati, from Monday until Friday of last week.

Mr. Lee McPherson and sons, Geo and Jno have gone to the Pilot oil field to work awhile.

Mr. Fletcher Barnett, of Darlingsville, was here Sunday with Mr. and Mrs. H. C. King.

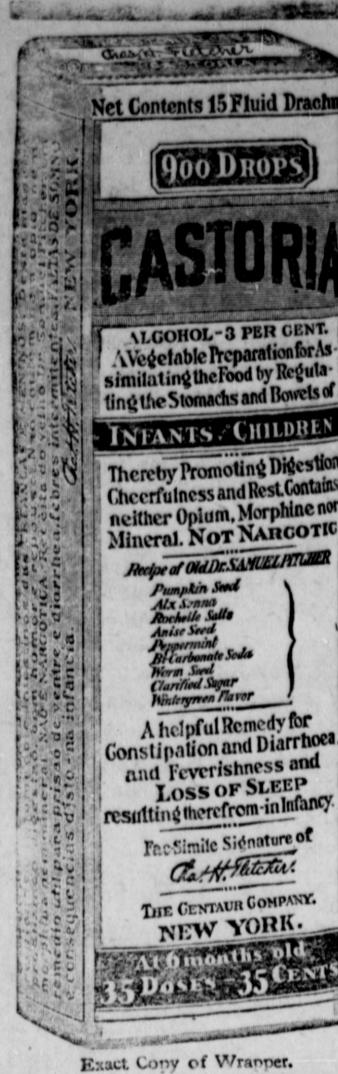

Mr. Ernest Gravett and wife returned from Cincinnati, last Friday where they eloped to first of the week to be married.

Mr. Sam Carr and family, and Mr. and Mrs. John Burton, of Clay City, spent Sunday with Mr. and Mrs. G. W. Clark.

Jas McKnight who operates the famous old grist, known as Vaughn's water mill is now serving his customers once more since the ice tide cleared away.

O. L. Daniel has leased one acre of land on the Clay City and Furnace road, near Little Creek, from Robt Daniel, of Winchester, for a period of twenty years and erected thereon a dwelling and store-house in which he is doing a thriving general merchandise business.

The sale of Willis Niblack was well attended Thursday. Things sold well. He will go to some point in Michigan.

BUYS FINE FARM.

Robert E. Tipton, of Montgomery county, who each year buys so many cattle in this section, has recently sold \$125,000 worth of his Montgomery county land and purchased 400 acres of Fayette county land. Mr. Tipton is an Estill county boy and is a cousin of R. L. Tipton living near this city. Mr. Tipton will move to his farm in Fayette where he will breed fine blooded cattle.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Miss Minnie Congleton is visiting relatives at Lexington.

Mrs. G. M. Ewen and children, of Campton Junction, are visiting Mrs. Susan Ewen.

The infant child of Kale Ashley was brought from Pilot and buried at the Nada graveyard Sunday.

I. H. McDaniel went to Winchester Thursday to consult his physician. He is improving slowly.

The report is that they will begin work on a refinery at Hoods Branch next Monday, about 1-2 miles below Campton Junction.

Mrs. Taylor Adams visited Mrs. Jesse Brown, at Finwick Saturday and Sunday. Mrs. Brown and family are sick with measles and pneumonia fever.

The Ohio Oil Company is drilling on the Nada Lumber Co. land just through the tunnel from Nada, but have been shut down owing to the cold weather.

Miss Mae Hon, of Aylmer Canada, arrived here Thursday to visit friends and relatives. Lotta Hon is still with Mrs. Hurd in Canada and Annie is a stenographer at Detroit, Mich.

H. C. or Brack Baker says there is a mistake somewhere, that he has not sold his royalty as reported in the Herald and does not wonder at the name of the purchaser being unobtainable.

We are glad to hear of the oil at Stanton, and hope this will encourage the development of the county. We have two small wells here on Clear Branch and a good sand of 28 ft. on the Faulkner farm.

Miss Annie Bowen entered school at St. Helens the 11. She dismissed her school on Gray's Branch and will finish out the term, one month, when the weather is such that the children can attend, and this is a good one too.

Mrs. Jacob Spencer, of Alvin, Wis., arrived at Nada last week to visit her son, Dennis Spencer, and daughter, Mrs. Walter Ashley. Mrs. Spencer is one of our good old neighbors we lost several years ago and no better neighbor can be found in time of sickness and trouble.

Ernest Faulkner writes that he has been operated on and his crippled foot and leg is now straight and he is in great hopes of walking erect. His many friends rejoice to hear this news. He advises anyone suffering from infantile paralysis to lose no time in getting to the McLean Sanitarium.

Vaughn Drake, son of P. Y. Drake, was married Feb. the 7th to Miss Margaret Wills, of Paris, Ky. Vaughn is well remembered here, and his friends join in wishing the young people a long and happy life. After returning from Washington D. C. they will make their home at Beattyville, Ky., where he is in business.

Aunt Betty Brown arrived at Nada from Bridgeport, Ill., where she had been visiting since in December. She says the winter there was more severe than here and the farmers had to melt snow for cattle and drinking purposes. Aunt Betty says there is no place to equal Kentucky. She has gone to visit her brother, Fieldon Brown, on Gray's Branch.

Sandy country. His wife and family expects to leave with him to their new home in Michigan in a few days.

Mr. and Mrs. Charley Jackson left Tuesday for their home at Cincinnati, after several days visit with their mother, Mrs. Sarah Jackson. Mrs. Henry Faulkner accompanied them as far as Lexington.

The well drilled on Robert Ewen's place is proving to be better than expected. It is thought that it will be a 50 barrel well. They are drilling another hole near this first well and we hope that it will be as good or better. This well is near the line of J. S. Ewens farm and also close to Virlin Snowden. It looks good to these men if oil proves up as started out.

Rev. G. H. Smith, of Lexington, preached two fine sermons at the Christian Church. There was a splendid crowd out to both services. This leads us to say that there is a change taking place in Stanton. There seems to be more and more interest taken in the Sunday Schools and the Church services and a deeper spirit of worship among the people. We need to get closer to God. We need His cleansing power in our lives. We are living in a great and awful age and too long have many of us forgotten God. Let us all come out to the services at both churches and renew our covenant with God. We are having some very fine Prayer meetings every Wednesday night and we feel that you would be benefitted and uplifted if you would come out and help take part. We are told that a Church is judged by its Prayer meetings, that is the spiritual barometer of the Church.

Here's Speedy Relief from Kidney Troubles

"Foley Kidney Pills have done me a heap of good." A. T. Bartlett, Brockton, Mass.

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder trouble. The ache across your back grows worse with every move you make, and with every step you take. It not only robs you of all your strength and energy, but it affects the other important organs of the body as well. Nervousness, headache, disordered stomach, liver trouble, bad eyesight, are only some of the conditions that follow kidney trouble.

Foley Kidney Pills help the sick weak kidneys to regain their normal healthy state and activity. When they are again able to do their work effectively, your system is no longer choked and blocked with poisonous waste matter. Your symptoms clear up, your weariness, pain, misery and weakness go away. Foley Kidney Pills can do you also a heap of good."
